- 20 public members

Of the twenty public members from various industries and trade groups President Thompson will be the one representing the interests of motor carrier drivers. With a large number of the Local's members working in the transportation industry Ed's appointment will make sure that their concerns will be voiced to the committee and that their health and safety regulations while on the job will be protected.

When asked about his appointment by the Governor Ed commented: "I am honored that Governor Wolf has appointed me to this committee and look forward to working with the members of the committee to ensure that our members working in the transportation industry have a voice in Harrisburg concerning problems associated with travel as passenger vehicles, motorcycles, and motor carriers share the road systems".
