The Newspaper Guild of Pittsburgh is four months into an unfair labor practices strike against the Pittsburgh Post-Gazette. Some of our members are now facing financial hardships. Soon after the strike started, the Pittsburgh Striker Fund was established to help members with emergency and/or living expenses.

All five unions on strike against the Post-Gazette are eligible to draw funds from this pool.

We are asking our brother and sister unions who are members of the Allegheny/Fayette Labor Council to donate to this fund. The money is funneled directly into the pockets of needy strikers. Any amount will help.

Donations can be sent to:
